

# Grafton Land Trust

## Mud Season Notice

*Mud season is here. Please be patient and responsible and allow the trails to **dry and harden** before using them.*

*Until then, please:*

- **No Hiking**
- **No Mountain Biking**
- **No Horseback Riding**
- **No Motorized Vehicles**

*The erosion caused by trail traffic during the mud season causes irreparable damage, creating ruts and permanently exposing rocks and roots. Help keep the trails in great condition for your use for years to come. Thank you!*

*We'll reopen the trails as soon as possible. Visit our website: [www.graftonland.org](http://www.graftonland.org) for updates on trail conditions, trail maps, and lots of other helpful information.*
